

Vector Foiltec is the world market leader for transparent ETFE constructions and realizes innovative roofs and facades worldwide. We are constantly expanding our portfolio with technically complex, national and international Texlon® ETFE projects.

Due to the strong growth of our company, we are looking for a **Technical Project Manager in After-Sales Management (M/F/D)** for our **After-Sales department** in **Bremen-Lesum** as soon as possible in **full-time**.

TECHNICAL PROJECT MANAGER AFTER-SALES MANAGEMENT (M/F/D)

Your main tasks

- Technical management and coordination of national and international after sales projects
- Independent planning and supervision of refurbishments of existing projects
- Monitoring of deadlines, costs and qualities
- Preparation of repair offers
- International travelling (approx. 25%)

Your profile

- You have a technical education, as well as further training as a technician or a degree in civil engineering.

Your strenghts

- You are reliable, a team player and have a high level of commitment
- You have a good command of written and spoken English
- You have a reliable and customer-oriented communication

We offer

- A permanent position with an innovative and attractive employer in Bremen
- Independent work
- A committed and dynamic team
- Interesting project diversity as well as challenging and multifaceted tasks
- Exciting international projects
- Company pension plan
- Company fitness

If you fit this profile, we would like to get to know you and possibly offer you an interesting position immediately.

Please send your written application with your earliest starting date and salary expectations to:
