

Vector Foiltec is the world market leader for transparent ETFE constructions and realizes innovative roofs and facades worldwide. We are constantly expanding our portfolio with technically complex, national and international Texlon® ETFE projects.

Due to the strong growth of our company, we are looking for a **Laboratory Assistant (M/F/D)** for our **Research & Development department** in **Bremen-Lesum** as soon as possible in **full-time**.

LABORATORY ASSISTANT (M/F/D)

Your main tasks

- Conduct of laboratory tests for production monitoring and incoming goods inspection of Texlon® ETFE foils in our laboratory
- Documentation and archiving of measurements
- Execution of smaller repairs and maintenance work

Your profile

- Career changers are welcome
- Manual dexterity
- Basic knowledge in operating computer programs, e.g., MS Excel and Word
- Willingness for shift work
- Driving license class B is advantageous, but not required

Your strenghts

- You have a meticulous work ethic
- You are reliable, flexible and have a high level of commitment
- You are a team player

We offer

- A long-term employment with perspective in a renowned and international company in Bremen
- An intensive familiarization with your tasks and processes
- A pleasant and friendly work environment
- Company fitness

If you fit this profile, we would like to get to know you and possibly offer you an interesting position immediately.

Please send your written application with your earliest starting date and salary expectations to:
